

Business Trading Terms

Business Trading Terms are provided in conjunction with Mendelsons Lawyers.

The cost for getting trading terms prepared by lawyers is normally many thousands of dollars.

Comprehensive and correctly worded trading terms establish a concrete foundation for your business, clearly defining your legal rights and relationship with your customers, from the beginning.

Business Trading Terms

We have been recovering overdue accounts since 1976 and we know the most suitable clauses you should have in your trading terms.

A lawyer from Mendelsons lawyers will contact you to find out more about your business so that they can produce tailored trading terms specifically for your business.

Your trading terms may be incorporated into your quotes, order form, acceptance confirmation or account opening paperwork. We will provide you with a guide on how to effectively incorporate your new trading terms so that your customers are legally bound by them.
