

Product details

The Fast Debt Recovery Kit is an easy-to-use, DIY Kit that provides you with full control in recovering your overdue accounts. It gives you an additional chance to collect your money before engaging our “No Recovery - No Charge” in-house collection services.

The Kit consists of a software program able to store your debtors’ details (via an inbuilt database) and generates Demand Letters on Prushka stationery. These letters are generated from your office/workshop for your convenience.

You complete the letters yourself, sending the original to your debtor and a duplicate to us. We forward to you any returned letters and cheques and handle phone enquiries for no additional charge.

Benefits for your business

- Recovery rate of over 50%.
- Fast, easy-to-use, **cost effective** and no **commission payable**.
- Speeds up your collection process and **increases cash flow**.
- Isolates bad payers from slow payers.
- Full Prushka back up. We forward any correspondence and cheques received.
- Fully Tax Deductible.
- It’s a natural extension of your existing accounting system.
- **No obligation** to continue using us. The choice is yours!
