

A career with Prushka and Mendelsons

When you work with Prushka, you are working with a national law firm.

- * Prushka was started by lawyers in 1977 and has always had a close working relationship with Mendelsons National Debt Collection Lawyers and its predecessor firm.
- * All collection positions are held by employees of Mendelsons Lawyers.
- * Accordingly, if you take on a collections position, you will be employed directly by Mendelsons Lawyers and will be subject to the professional standards applicable to that of a law firm.
- * This permeates down to the way we operate, the presentation of our offices, the quality of the work we do, our dress code and the level of training provided.

Job security

- * If you are going to build your career with a company, you want to know that it will be around in the future.
- * We have been in business since 1977 and have been on a continuous development path from that time onwards.
- * We have no external debt and the largest client base of any collection agency in Australia .
- * You can confidently plan your future with us.

“I don’t have any debt collection or law firm experience. Will this hold me back?”

- * We are looking for people who have had a proven track record in their previous positions.
- * What we are looking for is stability, loyalty and a desire to learn and develop.
- * Our training programs are based on the assumption that you will have no knowlege or expertise in handling debt collection work.
- * We will provide you with full training and mentoring and it won't just be for the start of your time with us.
- * We see training as an on-going process and we really want people who relish the chance to learn and develop.
- * If you have an interest in the legal system and processes, you will find working with us a challenging and interesting experience.

Benefits of a career with us.

- * We offer real career advancement opportunities. All our leadership positions are occupied by people who have started in the collections area and this is the way we will always operate.
- * Your immediate leader will be someone who has handled your job and understands what is involved.
- * Work near your home and gain the benefits.
- * Real job security.
- * We can be flexible and adaptive to your needs.
- * Professional but friendly, welcoming work environment.
